of yesterday, while the three lawyers
for the defense, William A. Morse and
Philip R. Dunbar of Boston and John

reticent. It lies wholly with the court
to accept or reject the expected plea
at the suggestion of the district attorney, and the decision is awaited with
much interest.

There will be a conference temorrow between the district attorney, Mr. Morae and myself, he added.

Asked about the probability of a motion for a humay commission, Mr. Lee said: "Honestly, I don't know."

Beakle Lucy May Be Draw

Probably Jury May Be Drawn. If the plea of guilty is accepted, scattenes may be imposed immediately or Richeson may be remanded to just to await sentence later. Or both court and district attorney may refuse to acsopt the change of plea and may send
the prisoner back to jail to Swalt trial
a week from temerrow. In that case a
regular jury will be drawn from the
following the panel and after the
box is full and the district attorney box is full and the district attorney makes a brief opening the confession will be read. Whether any more origines will be produced does not as yet appear, but in the ordinary course of wents the jury would then be asked in render a verdict of murder in the first degree, after which flicheson would be sentenced to death. Such procedure would tainly the prediction of the district attorney that Richeson would surely be tried Jan 15.

The crime alleged against Rev.

Chirence Virgil Thompson Richeson, pastor of the Immanuel Eaptist church of Cambridge, is the murder of Avis Linnell, on the night of Saturday, October 1s. Miss Linnell, a girl of 1s cantes legal annals permitted the acceptance of a confession as a plea of gullty without the assistance of a jury. Picheson learned today from the respension that his confession was known throughout the land, but while he read the various accounts he made no comment upon them. He plassed a outer day, for ever his counsel did not visit him.
